

Jeanette Anne Marie Maier, M.D.

- 📍 Università di Milano, Dipartimento di Scienze Biomediche e Cliniche, Via G.B. Grassi 74, Milano I-20157
- ✉ [jeanette.maier@unimi.it](mailto:jeanette.maier@unimi.it)
- 📞 +39 02 5031 9648
- 🌐 ORCID ID 0000-0002-6326-9221

Full Professor – General Pathology and Clinical Pathology, University of Milan

#### Research interests

Pathophysiology of the human endothelium: pathogenetic mechanisms of endothelial dysfunction; molecular mechanisms of endothelial senescence; structural and metabolic adaptation mechanisms to microgravity; endothelial physiology and biomaterials.

Osteo-muscular pathophysiology: molecular mechanisms of biominerization during osteogenic differentiation of human bone marrow-derived stem cells; cellular senescence and biominerization; osteo-muscular alterations in microgravity.
